OUR SERVICES

bTranz is an oracle partner, and our professionals have years of real world experience in implementing the services to ensure increased productivity of your business.

Why we win - team of certified consultants, customized services to suit your implementation/support needs, easy maintenance of complex oracle-based environments, reduced budget and improved focus on strategic projects.

Implementation

Our implementation services scale to meet your specific needs whether that's a simple add-on module, e-commerce project, or a global deployment.

Managed Services

We brings together an industrialized, globally integrated approach with analytical capabilities and leading automation to help companies strategically manage their application.

Upgrades

We have a proven track record of successful upgrade implementations, btranz has developed a flexible and scalable process for the upgrade lifecycle of projects with varied sizes that would involve both our functional & technical .experts.

Integration

Connects your applications, on-premise with cloud (integration cloud service) and helps in design, monitor, and manage connections between your applications.

Reporting

It also allows you to bring data in from multiple data sources into a single output document. Reports can be delivered via printer, e-mail, fax, webdav, or publish your report to a portal.

Custom Extensions using PaaS

Applications require extensions and a bit of customization to fulfil the unique needs faced by businesses. Platform as a service (PaaS) allows developers, it professionals, and business leaders to subscribe and use software to develop, test, and deploy the next generation of applications in a secure, cost effective way in the cloud.

DOMAIN'S EXPERTISE

Oracle Applications can be a boon to many industries. The various implementations of cloud and other services of oracle make all buisness operations hassle free and faster. Some of the domains where we play an active part include:
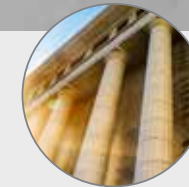

FINANCIAL SERVICES

FOOD & BEVERAGES

HEALTH CARE

RETAIL

CONSUMER GOODS

GOVERNMENT

CONSTRUCTION & ENGINEERING

MANUFACTURING & DISTRIBUTION
